

THE Quran and Rosaries

Arya Bâhram

An exhibition about the Koran? !!

Is it even possible to exhibit the Koran, the holy book of millions of Muslims around the world? And if so, how?

As a Muslim, I have asked myself this question several times.

I definitely knew that it had to be a dignified, but also happy and colorful exhibition.

Islam had it very difficult in its time and had to struggle with ignorance, so that one could really speak not only of a religion, but also of a cultural revolution.

I have enriched this exhibition with rosaries from Islam and Christianity.

I wish you a good time in this exhibition.

Special thanks go to my son Armin for his active support in my numerous projects.
