When I first entered Schönbrunn Garden in Vienna , I was amazed at the size and arrangement of the trees, flowers, fountains and large sculptures. The place was so beautiful. Alone for the King of Austria and his family !!

In one place a vendor was selling ice cream and candy to visitors, and in another place the kids were playing and having fun. Elsewhere, people have entered the zoo, which is one of the oldest but most modern zoos in the world (founded in 1752 !!). Elsewhere, people were entering the royal palace to see it and be in awe, and it is truly amazing how a family lived in such a glorious place !!

Schönbrunn Palace (German for "beautiful fountain") was the summer residence of Austrian kings in Vienna, the capital of Austria, and is today one of the country's most important cultural monuments, dating back to the 1600s. This palace has more than 1400 rooms !! Decorated in Rococo style, it is one of the most important tourist attractions in Vienna. The palaces and gardens represented the tastes, interests and aspirations of the kings of this country.

The garden is really beautiful and it is beautiful in all seasons. I always have a camera with me when I go to Schönbrunn because it can always be something going on or it's a nice scene for photography. These photos have become more and more beautiful and I thought to myself that it is a pity that I do not share this beauty and that others should enjoy seeing Schönbrunn.

The other part of the book tells about my trip to beautiful Slovenia and the cities of Piran, Portoroz and Ljubljana.

The result was a book and a Exhibition. Hope you enjoy.
